

Explore. Redeem. Enjoy

Why not use the credit card or frequent flyer points you've already earned to travel in style in First or Business class at a fraction of the cost?

We take the hassle out of travel planning and difficulties in obtaining seats on popular routes by using your points to find the best travel combination to get to your destination. You can save up to 50% of the First class ticket fare price by using our travel planning services

Example: 130,000 Krisflyer miles + \$1,250
(all inclusive price with our service fee & airlines taxes)

Singapore Airlines First Class – Paris to Sydney

If you have a business, your everyday expenditures can be matched with the best credit cards to maximise your points earning to allow you to travel in Business or First class

We also specialise in hotel redemption and planning

Popular points earned by our existing customers

Qantas Frequent Flyer / Velocity / Singapore Airlines Krisflyer / American Express Membership Rewards and more!

Don't let your points expire!
